THANK YOU CAMPERS!

We've had a wonderful summer here in 2014, and it's all down to you - the campers! Have a browse and relive your memories of a lifetime in our 2014 souvenir book.

With our photographer Mark snapping away across all three sessions we've a ton of photos to share with you; find them all online here: campsuisse.smugmug.com

Dear

PLEASE
Keep it up

It was an
you! I will miss
you!
Survive in Egypt. I will
I swear you will love it. I'm sorry for
Saddam you will love it. I'm sorry for
of the war. I'm sorry for
you were an
Love

A LETTER FROM THE DIRECTORS...

Well, it's hard to believe, but another summer has just flown right by. And what a fantastic summer it was.

We welcomed record numbers through our doors and added three extra one-week sessions to the Camp Suisse programme to cope with demand. All of this meant more fun, more adventures and resulted in more campers than ever having the chance to experience the very best of life in the Swiss Alps.

Admittedly while we had a fantastic summer in many ways, we can't say the same for the weather! In fact, weather-wise we had our worst season on record and had to revise a number of activities in response to the challenging conditions.

Thankfully, given that we have one of the most extensive programmes available, our team was able to respond to rain, hail and thunder with an exciting mix of activities and events to ensure all of our campers enjoyed the full Camp Suisse experience.

It's delivering this fulfilling experience that continues to drive us forward every year. Given the problems and conflict we hear about in the news, there is no better feeling than seeing people from across the world coming together, enjoying spending time with each other and building lifelong friendships.

We are proud to promote a healthy, enriching environment that fosters worthwhile and meaningful interaction. By making a positive contribution to the personal development of our campers, we hope that they will leave with the life skills and perspective needed to head out confidently into the wider world.

And none of this would be possible without the support of our staff, who all play a crucial role in delivering the unique Camp Suisse experience. We invest so much in trying to find the very best people and every year we are proud to see them working tirelessly to educate, inspire and care for our campers in the safest possible environment.

So, thank you once again to everyone that has helped to make Camp Suisse 2014 so special. The summer may be over but we're already looking forward to building on what's been achieved this year and can't wait to open our doors once more to offer the experience of a lifetime.

Best wishes,

Julie Tyler
Camp Director

NATIONALITIES

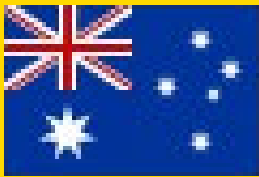

We've been lucky enough to make friends with people from all over the world this summer, bringing together campers from 42 different nations - this diversity is something we really pride ourselves on.

ACTIVITIES & EXCURSIONS.

Over the next few pages we've captured our favourite shots from our activity program over the summer.

In summer 2014 we crammed as much fun (and as many activities as physically possible!) into each and every session - with major changes to the delivery of our language, activity and excursions programme.

We wanted our campers to experience more of what our amazing region has to offer and have more time to take part in the great range of activities at Camp Suisse. So we switched from having 1.5 hours of language tuition each day to having a full morning of lessons every other day.

This allowed us to take campers out to explore the area from breakfast until dinner on the days when they did not have any language tuition. The full morning of classes also gave the language programme more continuity and flexibility with teachers seeing huge improvements in campers' language levels during their stay.

Despite the well-documented weather in the Alps during July and August we are very proud that we still managed to deliver a fantastic broad programme to campers from all over the world. I don't think we'll ever forget the moment some of our campers saw snow for the very first time in the middle of summer!

Many of our 'in-house' activities such as mountain biking saw major overhauls with a renewed focus on the pedagogical side of the programme while some - like camping - were reinvented with more focus on good old-fashioned fun.

It's safe to say that there is never a dull moment at Camp Suisse and we are already looking at ways we can improve our programmes for next summer. It's the best way to ensure our campers have the most amazing time in the safest possible environment.

Best wishes,

Richard Young

THE EXPERIENCE OF A LIFETIME.

The feedback is already flooding in after the summer. It's clear to see that everyone thoroughly enjoyed themselves.

"I can't think how this week could have been any better. There was the perfect balance of exciting activities and time to chill out and meet the other campers."

"This was our son's first time at Camp Suisse and he absolutely loved it! He's already asking to return next year. Great job having so many activities to keep them busy from wake-up to lights out -- he was never bored."

"She will never forget the kindness of the staff, already missing each single one. She grew up with this experience, it opened her mind to a brand new world."

"The breathtaking view, compact activities, friendly and helpful staff, and most important the friends she made will be a memory that she takes with her for a lifetime."

"Unforgettable!!!"
